[Paris Hilton](#), Her Pig And A Stuffed Animal

By [Robert Paul Reyes](#)

Paris Hilton loves her piglet so much, she sleeps with it every night. In this photograph the pop tart is holding a piglet and a stuffed animal.

From the perspective of an animal rights activist, this photograph demonstrates that the pop diva holds a

real animal and a stuffed animal in the same regard. Hilton is often photographed holding her Chihuahua, the pampered socialite considers her tiny pooch as just another accessory.

From the viewpoint of a moral crusader this image symbolizes that the skanky [celeb](#) is on the same moral plateau as a dirty pig. [Hollywood](#) is mired in moral depravity, and it's not surprising to find out that Hilton and a pig sleep together.

From the standpoint of a snarky blogger this photograph begs the questions: Who's smarter? Paris, the pig or the stuffed animal? Paris has just enough brain cells to get in trouble; the stuffed animal doesn't have a brain and so he will eschew trouble, and the poor pig has enough brains to be mortified photographed in Hilton's lap.

I hope the piglet runs away, he would be so much happier in a pig pen than in the moral sinkhole that is Hollywood.
